

Northumberland County Public Safety Communications System Project

FROM: Bill Brown, 9-1-1 Coordinator, Northumberland County

9/1/2013

TO: Northumberland County Field Users (Fire/Police/EMS)

SUBJECT: Subscriber Equipment User Meeting

Northumberland County Field Users:

We have finalized the subscriber equipment presentations with three vendors: Motorola, Kenwood, and Harris. The schedule for these meetings is below.

During these presentations each vendor will have 30 minutes to present about their equipment and take questions from you. Following the presentations the vendors will break up into separate areas and you are encouraged to speak in more depth to the vendors of your choice. We have also asked each vendor to develop a sample quote for a standard mobile and portable radio, with standard accessories and options.
